IC Knowledge Discrete and Power Products Cost and Price Model Supported Product List

As of the 2017 revision 03 release the following product types for test are included in the Discrete and Power Products Cost and Price Model:

1. ASIC - low performance - very simple
2. ASIC - low performance - simple
3. ASIC - low performance - medium
4. ASIC - low performance - complex
5. ASIC - low performance - very complex
6. Discrete
7. Mixed Signal - very simple
8. Mixed Signal - simple
9. Mixed Signal - medium
10. Mixed Signal - complex
11. RF - discrete
12. RF - simple IC
13. RF - medium IC
14. RF - complex IC
